

Mini Story - The big surprise

Petre and Flyzzy
were confused what
to buy for Linic. Then
suddenly, Petre got
an idea!

What is it, Petre?

The plan is:

We have only 2000. We
can't buy a cake that is
3 layered. So, we can buy

a 2 layered or 3 layered.
Did you understand?

Flizzy = yes, but how do we go to Linic's house on time? She told to come at 4⁰⁰ clock! How will we know that how far is the bakery and when we will reach Linic's house? did you think of that? Petre? Petre?

That time, when Flizzy told all these, she turned back to her surprise, Petre was holding a 3 layered cake and now was walking ahead of Flizzy! How did this miracle happen?!!?

And then, when Petre^{oo} was going, Flizzy ran to him and asked:

Petre,
who gave you
this 3 layered cake? Pls,
Tell. Pls?!

Petre! I bought it from
the bakery in front
of us, look, that one
Flizzy was surprised!

They didn't even walk!
They came to Linic's
house and Linic was
in front of them!

OMG! I can't believe
it Petre; said Flizzy.

The end.

It's Quiz time!
